Class Charts Information for Parents

Class Charts for Parents/Carers

Class Charts is an online system which teachers use to track achievement and behaviour throughout the school day. We believe in working closely with parents and one of the key benefits of using Class Charts is that we are able to securely share your child(s) achievement and behaviour report with you and so keep you up to date in real-time.

Class Charts is used to share information with parents about:

- Achievement Points
- Behaviour Points
- Attendance
- Homework
